

UNDERSTANDING DIVISION

INSTRUCTIONS

In the first column, write down four division facts. Fill in the other columns accordingly. The first row is an example.

Division Fact	Sharing	Grouping	Repeated subtraction	Inverse fact	Answer
$15 \div 5$	Divide 15 into 5 equal groups 	Divide 15 into groups of 5 	$ \begin{array}{r} 15 \\ -5 \\ \hline 10 \\ -5 \\ \hline 5 \\ -5 \\ \hline 0 \end{array} $	$5 \times ? = 15$	3
